

100% Warranty

GT Toner warrants our compatible imaging supplies to be free from defects in both material and workmanship. At our option, GT Toner will replace the item and/or refund the full purchase price of any item found to be unsatisfactory, for any reason, by our customer.

All GT Toner products with a production date of January 1, 2007 or later have a full, two-year warranty beginning the date of manufacture. In addition, we further warrant that our products will not cause damage, deterioration or abnormal wear in any compatible machine for which it was originally designed. This warranty covers all equipment used within the manufacturer's specifications and does not include acts of God or nature.

If a defect in any GT Toner product is found to be the sole cause of damage to any equipment, GT Toner will reimburse the customer for a complete repair. This warranty is dependent upon the customer providing GT Toner with satisfactory evidence that the damage was due to a defect in a GT Toner product. All claims must be accompanied with an invoice from the authorized service company that performed the repair. The invoice must clearly indicate the specifics of the repair along with contact information of the field service technician that was dispatched.

Return of the defective product is required and must be clearly marked with an official GT Toner issued RMA on the outside of the package. Any sign of tampering with the product by non-GT Toner personnel will void this warranty.

GT Toner's liability shall be limited to repair, replacement or reimbursement as stated above. This warranty is exclusive and in lieu of any and all other warranties, express or implied.
